

Daring to be DIFFERENT

We help hotels stand out from the crowd and give guests a truly differentiated experience - in the most sustainable way.

Enhancing ambience and well-being

We offer endless possibilities to enhance ambience through lighting, everywhere from hotel facades to guest rooms. As well as contributing to guests' sense of well-being through our TVs.

Saving €150 per room, every year

We help hotels become considerably more sustainable - with ease. Simply replacing the lighting or using the power-saving features in our special

Hotel TVs typically realise savings of €150 per room, per year. Not only do your guests feel happy and healthy, your bottom line does too!

Single source for hospitality

At Philips, we have a dedicated Hospitality group who focus solely on how best to meet the needs of you and your guests; be it to realize your brand ambitions or to differentiate you from the masses.

Find out how you can truly make a difference and give guests an experience they won't forget. Contact us today through
